Begin Servus Dei Praxis

April 9, 2019

Dear Members and Friends:

I hope the onset of Spring and the upcoming Easter season (and to mention the much-welcomed sunny weather) finds you in a joyful and festive mood throughout this month.

The St. Thomas More Society has many events in store for additional celebration during and after this Easter season. First, we will host our April luncheon with the children of De Marias Academy. Please see below for more details regarding the luncheon, its speaker, and the school. Preparations are also underway for our first annual St. Thomas More Dinner, during which we will celebrate the feast day of our organization's patron saint.

A special thank you to Don Carol for once again leading this year's Lenten Series. His weekly discussions provided valuable insight into the Passion narratives and means for reflecting on our own personal Gethsemane experiences - a very worthwhile contemplation in the final weeks of Lent.

Lastly, we thank Father Rene Kube, the chaplain of deterrite ministry for the San Francisco Archdiocese, who spoke at our March luncheon of the Archbishop's efforts to provide spiritual guidance to local inmates.

April Luncheon

We will host our annual April luncheon at De Marias Academy, an elementary and middle school that provides tuition-free Catholic education, youth development, and family support
